OUR TOWN

25 miles north of Oroville, on the West Branch of the North Fork was Dogtown. The story goes that an old French woman who kept a kennel of poodles and hounds and mastiffs that roamed the countryside. So came the name of Dogtown.

Two miles north of the town a nugget was found in 1859 which was said to have been the largest ever found in Butte County. It was known as the "Dogtown Nugget" and weighed 54 pounds in the rough. It was valued at $10,690. On the Skyway near Magalia a monument points to the site of the discovery of the Dogtown Nugget.

OUR SCHOOL

Originally, the students of Paradise, Magalia and Sterling went to Chico High School, many miles away. In 1956, Paradise High School was built. Six grades attended P.H.S., 7th throught 12th. In 1957, the first class graduated with a total of 78 students. The first year, there was no cafeteria or gymnasium, as they were still under construction.

Class size stayed about the same until the 1960's. Then in 1962, the present library was added, the cafeteria was enlarged, the music rooms were built, and the special education rooms were constructed.

In 1963, the Intermediate School was built and the 7th and 8th grades were relocated, and P.H.S. was off double session.

Due to growth in our community in 1973/74, we were once again on double session. People of the community realized the problem and passed bond issues to built new buildings.

We presently have eleven hundred students attending Paradise High School.

We at Paradise High feel that our faculty is the finest in California. Our teachers have come here from all over the United States. Even through a large number of our faculty graduated from California State Un. almost every college and university in Calif. is represented in addition to institutions of learning though out the United States.
Most of our teachers would not settle for just one degree. Almost every one had two. The average teacher has seen eight years of service.

THE END

Paul,

We started out not knowing each other this year, then we just kinda became friends and now, well, this is the best yet. You really mean alot to me and I hope you realize it. I always thought that there would be no one to replace Joel but now that I'm with you, I don't think of anyone else. You make me very happy and help me forget my troubles at home. I just hope that I have been able to return all the love that you have given me. I know that sometimes I don't always please you but then I do have my faults. I guess we won't see each other as much next year since you'll be leaving, or rather, graduating, from school but I know we'll get some time in! Well, babe, I don't want to take up all the room so I suppose I'll sign off for now. I love you, Butch, and I always will. Always.

P.S. I hope you will always remember me and if you forget, its all right. But if you do, just look at me calm and then I might come back to you. I Love YOU
